

REMARKS

Claims 1-2 and 4-20 remain in the application. A Restriction Requirement has been issued in the above-identified application.

On February 17, 2004, Applicants elected the invention of Group III. The Examiner has now determined that further restriction of the invention is now necessary. The Examiner contends that they are eight inventions and Applicants hereby elect to prosecute Group III which includes claims 6, 10 and 14 and which by necessity require the examination of claims 5, 9 and 13 from which claims 6, 10 and 14 depend.

Applicants have also amended the preamble to claims 5, 9 and 13 to more accurately describe the material claimed in each one of these claims.

Respectfully submitted,
